

Tom's Tumbler™ TTT 1900-S Dry Trimmer, Separator and Kief Extraction System

The TTT 1900 System is perfect for small to medium size growers and processors, trimming 1-2 lbs. in less than 5 minutes, 12 lbs. per hour. This model offers double to capacity of the TTT 1600 system.

Functions

Dry trimmer/separator removes small leaves from flowers gently and efficiently, preserving structure, aroma, and trichomes. System trims, separates and extracts pollen with interchangeable MeshNets.

Specifications

Furniture-grade PVC frame with high-torque, 50-watt DC motor with variable speed control (top speed 35 rpm), food grade aluminum drums and axle, two mesh nets for trimming and separating, 151 micron net for kief extraction, clear funnel flow bag and removable dust cover. Dimensions: 26" x 26" x 45" (approx. 66cm x 66cm x 114cm). Some assembly required.

Warranty

All parts are covered by our one year warranty.
